

ROLLING THE DICE

ROLL RESULTS:

1. Shoot each dot with one round each (five rounds total)
 2. Shoot the even numbered dots with two rounds each
 3. Shoot the odd numbered dots with three rounds each
 4. Shoot the four corner dots with two rounds each
 5. Shoot dot five with five rounds
 6. Shoot every dot twice
- The drill ends after 50 rounds are spent.

SCORING

Each round is worth two points, so 100 points are available. Simply subtract two points for every shot that doesn't break a target line.
